Are the patterns available in other languages?

Unfortunately, all patterns are ONLY available in ENGLISH. This is clearly noted within my site and also appears for each pattern listed, as indicated below.

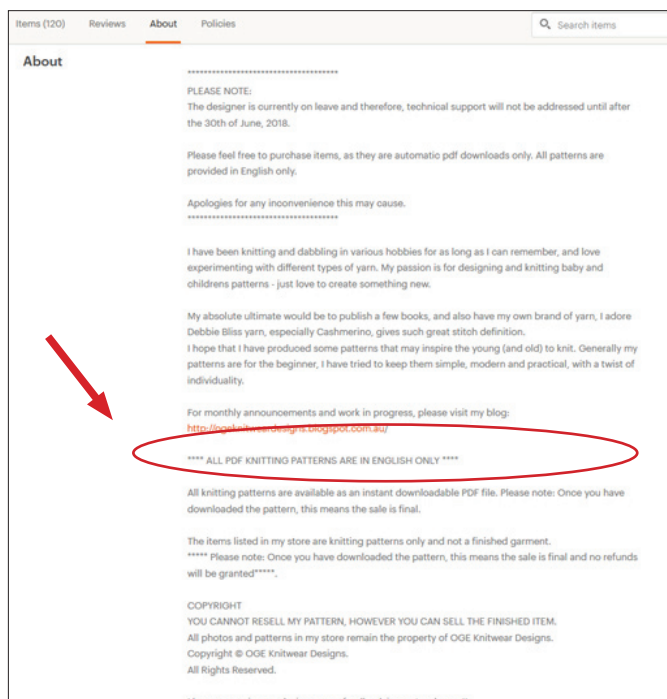

OGE Knitwear Designs are not able to produce patterns in other languages and have no intentions of seeking translations for the near future.

This sample shows where you can see this within the pattern description.

The screenshot shows an Etsy listing for a knitting pattern. The main image is a pink knitted top. To the right, there's an 'Add to cart' button and an 'Overview' section with details like 'Handmade Supply', 'Craft type: Knitting', and 'Instant Digital Download: 1 PDF included'. Below the main image, the 'Description' section is circled in red, containing the text: '**** ALL PDF KNITTING PATTERNS ARE IN ENGLISH ONLY ****'. Below this, there's a 'Description' section with more details about the pattern. To the right of the main image, there are four smaller images of other knitting patterns, each with a title and price (AU\$6.00).

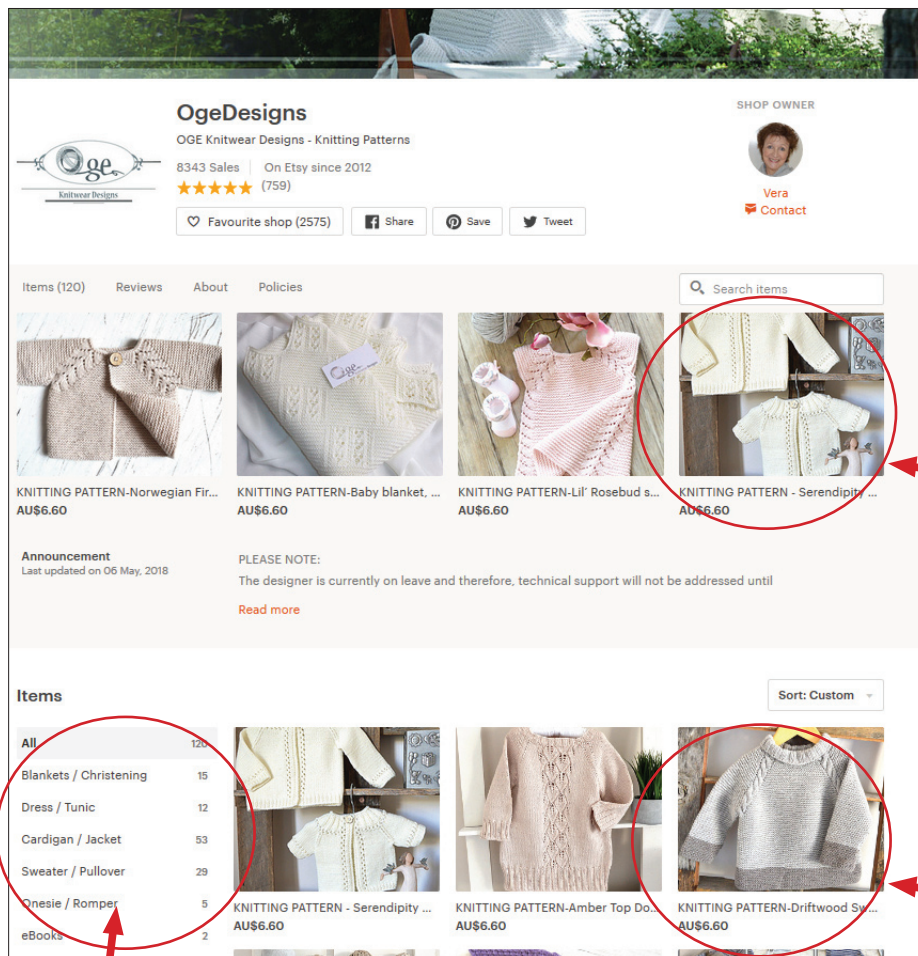

This example is within the 'About' page.

The screenshot shows the 'About' page of the OGE Knitwear Designs shop. The page has a navigation bar with 'Items (120)', 'Reviews', 'About', and 'Policies'. The 'About' section contains several paragraphs of text. A red arrow points to a red circle around the text: '**** ALL PDF KNITTING PATTERNS ARE IN ENGLISH ONLY ****'. Below this, there's a link to the shop's blog: 'http://ogeknitwaredesigns.blogspot.com.au/'. The page also includes a copyright notice and a disclaimer about the sale of patterns.

How can I find out the materials required before I purchase the pattern?

From the homepage of my shop, you need to click on the pattern of your choice, or use the 'category list' to find a pattern.

You can select an image from my newly released patterns.

Or from the pattern listings available

You can also search for a pattern in the 'category list'

Once you have found the pattern you like, you then need to double click on that pattern to see more details about the pattern.

Your screen should look like this once you have double clicked on the pattern of your choice.

Listing for KNITTING PATTERN ONLY - Lil' Rosebud seamless top down dress / tunic top - P112

This seamless little top down dress / tunic top is an easy knit, worked in garter stitch with a simple leaf pattern forming the front borders, then cascading down the sides. I would rate this pattern suitable for the intermediate knitter. The pattern comes with row by row instructions. Best of all... No seaming!
